

Get an ACA solution that leverages data already in your benefits admin system.

ACA with Employee Navigator can help you avoid IRS fines and determine healthcare eligibility for all of your employees.

ALE Calculator

Use the Applicable Large Employer (ALE) calculator to determine if an employer is required to complete ACA reporting.

Track Current and Historical Employee Data

Import employee hours worked, current and historic demographics, benefits data, and more using built-in templates. Track and measure eligibility for variable-hour employees monthly or by implementing look-back measurement and stability periods.

Measure Affordability and Avoid Penalties

Use plan data already in Employee Navigator to measure if coverage meets affordability standards (W-2, Rate of Pay, and the Federal Poverty Line).

1094-B/1094-C and 1095-B/1095-C Forms

Download completed, signature-ready 1094 and 1095 forms for employees and the IRS and e-file with our partners at Nelco.

Talk to your insurance broker to save money and file with confidence this ACA season.

Transparent Pricing

Our transparent, easy-to-follow fee structure is customized to serve the size of your business.
