

# Benefits & Payroll Integration

Employee Navigator's benefits administration platform connects to the payroll system via API integration to exchange the following data:

## Demographics (Bi-directional)

First, Last, Middle Names	DOB
Address 1 & 2	Primary Email
City, State & Zip	Suffix
Home Phone	Sex

## Employee Records (Payroll to EN only)

SSN	Hire or Rehire Date
Payroll ID	Termination Date
Pay Basis	Salary Effective Date
Hourly Rate	Annual Base Salary
Job Title	

## Deductions

EE Recurring amount
Effective Date
Change Date
End Date

## Say goodbye to...

- Dual entry
- Inaccurate data
- Manually managing deductions

## ... And enjoy

- Demographic & deduction sync
- Integration for all-sized groups
- Real-time updates

## Fast Facts

- Entry point for new hires
- System of record for rehires
- System of record for termination
- Entry point for compensation
- System of record for recurring deductions
- Sync frequency

## Employee Navigator

Instantly in real-time when changes are made
