

Centralized Employee Data That's Always in Sync

Employee Navigator manages benefits and HR tasks in one system under one login. These tools sync HR information across every aspect of Employee Navigator, including benefits, payroll integration, and onboarding.

Helpful software for real people.

Benefits Administration

Make benefits enrollment simple and confident. Employees get a guided experience with clear plan details, side-by-side comparisons, and built-in decision support.

ACA Reporting

Stay compliant year-round with simple & powerful ACA Reporting tools.

New Hire Onboarding

Give new hires a great first day, not a stack of paperwork. Ditch paper forms and spreadsheets for a seamless, digital onboarding experience.

HR Management

Put your data in a central HR database and say goodbye to the days of dual entry.

Integrations

Say goodbye to manually processing enrollments and changes. Employee Navigator connects directly with your preferred insurance carriers, payroll providers, and TPAs to deliver a truly seamless digital experience.

PTO

Employee Navigator provides HR users, managers, and employees a simple intuitive time off dashboard.
