FOR BROKERS

Product Overview

Your all-in-one benefits administration platform

600+

Integrations with carriers, payroll providers, TPAs, AMS systems, and more

WHY BROKERS CHOOSE US

Technology that doesn't break the bank

We believe you should be able to give your clients best-in-class enrollment and HR technology at a reasonable cost.

Control your data

A third party should never get between you and your groups. Be in control of your data, branding, and most importantly, your customer service.

Save time, grow your business

1. Easily import and manage all employees, groups, plans, templates, and more in a single system
2. Create a custom experience for your groups, with their own homepage and numerous HR features
3. Keep employee and enrollment data in sync with existing carriers & payroll systems through our industry-leading 600+ integrations

Our approach to broker support

TRAINING

Each of our customers receive comprehensive and personalized training to make sure they know Employee Navigator like the back of their hand.

ONGOING SUPPORT

Give us a call and we promise a highly-trained, US-based Employee Navigator employee will answer quickly. That's right - no long wait times and no automated phone obstacle course! We never leave your side.

ALWAYS BY YOUR SIDE

Our support staff is filled with friendly, knowledgeable customer service advocates.

RESOURCES

No matter how you learn, there are resources available to you - from our in-platform AI Assistant to our online support site, to videos, webinars or our interactive guide.

STAY IN SYNC WITH INTEGRATIONS

Enjoy seamless integrations with hundreds of your favorite carriers, payroll providers, TPAs, and AMS systems. Spend less time on administrative work and more time growing your business.
