Centralized Employee Data That's Always in Sync

1. **Streamline Employee Management**
   Know instantly when enrollment events occur and minimize claim and billing issues
2. **Employee Self-Service**
   Easy-to-use desktop and mobile self-service portals put employees in the driver's seat
3. **Enhance Communication**
   Whether it's benefits, compliance, or company communications, employees are always in the loop
4. **Online Directory**
   Keep your entire team connected

Modernized, Connected HR

PAPERLESS

Replace paper forms and files with a centralized HR management system and employee portal that's always up to date. Track benefits enrollment, PTO, and more.

EFFICIENT

Manage everything from a single place so you can spend more time growing your business and your people and less time on busywork.

ACCESSIBLE

Help your employees help themselves by giving them the means to find what they need when they need it from their desktop computers or our mobile app.

CUSTOMIZABLE

Go beyond the basics and drive engagement with quick access to reports and configuration tools.

STAY IN SYNC WITH INTEGRATIONS

Enjoy seamless integrations with hundreds of your favorite carriers, payroll providers, TPAs, and AMS systems. Spend less time on administrative work and more time growing and developing your people.
